FOR JEWELERS · CAD DESIGN
LOS ANGELES JEWELRY DISTRICT

JEWELERS AND WHOLESALE BUYERS

# From a sketch to a model ready to cast. The designer does it herself.

Maryam Najvan studied graphic and industrial design. She builds every model herself. Expert partners in the District cast and set each piece. She checks every sample and finished piece.

OXUS has made pieces for wholesale businesses since 2020. Many of them come back again and again.
